

Essential knowledge that pupils need to be educated citizens:

- Positive learning techniques e.g. resilience are taught attributes but also celebrated when observed.
- Progressive, cohesive and ambitious curriculum design that builds on children's skills and prior knowledge.
- Daily fluency rehearsal sessions are used to 'unlock' mathematics for all learners, harnessing an intrinsic love of mathematics.
- Learning is brought to life e.g. why are we learning this? And, where in life will this be useful?

Introducing them to the best that has been thought and said:

- Quotes from influential mathematicians are shared in lessons when possible.
- Collaboration between school and wider MAT to ensure best practice is shared and celebrated.

Cultural Capital at Cubert Primary School Mathematics

Community

Maths Competitions versus other Aspire, Cornish and National Schools e.g. TT Rockstars.

Helping to engender an appreciation of human creativity and achievement

- Class displays celebrate high quality mathematics and achievement
- Times Tables Rockstars - motivation and celebration
- Star of the Week assembly themes regularly showcase Mathematical success.
- School newsletter that recognises Mathematics' pivotal role within our broad and balanced curriculum
